

# InACan Jenga

InACan Jenga is a fun and easy-to-play drinking game that combines the classic game of Jenga with the added twist of drinking. The concept is simple - each player takes a turn to remove a block from the Jenga tower, but with the added challenge of trying not to topple the can that's placed on top of the Jenga pile. If the can falls off, the player who caused it to fall must drink.

## PROPS REQUIRED

Alcohol

Jenga

## INSTRUCTIONS:

### 01.

Set up the Jenga tower as you would for a regular game, making sure to place the can on top of the Jenga pile before starting.

### 02.

Gather your friends around the table and decide who goes first.

### 03.

The first player will remove a block from the Jenga tower, but must do so without toppling the can. If the can falls, the player must drink.

### 04.

Once the block has been successfully removed, the player places it on top of the Jenga tower to continue building the tower.

### 05.

Play then passes to the next player, who must remove a block from the tower without causing the can to fall. If they do, they must drink.

### 06.

The game continues until the Jenga tower falls or until all the blocks have been removed.

### 07.

The player who caused the tower to fall must finish their drink.

## RULES:

### 01.

Each player must take a turn before a player can go again.

### 02.

You can only use one hand to remove a block from the tower.

### 03.

You cannot remove a block from the top three rows until all blocks in the lower rows have been removed.

### 04.

If a player accidentally touches a block but does not remove it, they must still take a drink.

### 05.

The can must be placed back on top of the Jenga pile after each successful turn.

### 06.

No stacking blocks on top of the can.

### 07.

No blowing on the tower to try and knock the can off.

## HAVE FUN AND DRINK RESPONSIBLY!

InACan Jenga is a great way to add some fun and excitement to your next party or get-together. With its simple rules and easy set up, it's a game that everyone can enjoy. Just make sure to drink responsibly and never drink and drive.
